Certification

CME credits will be awarded by
Landesärztekammer Berlin.

Technical requirements:

This webinar is hosted on Microsoft Teams. You don't have to download any software. But we recommend the use of the TeamsApp on a Windows 10- or macOS - PC/laptop. If you don't like to use the app, it is absolutely necessary to use an actual version of GoogleChrome or MicrosoftEdge as a browser. Safari or Mozilla Firefox are not working perfectly with MicrosoftTeams. You will get the conference link a few days before the event starts.

EFSUMB Webinar

Hot topics in interventional US

March 3rd 2021

2021-02-17

in cooperation with Berlin Brandenburgische Ultraschall-Tagung e.V.

EFSUMB Webinar - Hot topics in interventional US

Dear colleagues,
as the SARS-Cov2-pandemic makes it hazardous to perform an international physical meeting in March 2021, we decided to **cancel** the planned **EUROSON School Interventional Ultrasound** in Berlin **for 2021**. We hope for 2022...

Instead we now invite you to take part in a **EFSUMB-Webinar „Hot topics in interventional ultrasound“** on **Wednesday, March 3rd 2021**. Of course this Webinar cannot be the same as a „school“ and will not substitute for a systematic course. We know, that practical training is mandatory in learning interventions. Anyway, we are convinced that offering lectures and video presentations of interesting interventional cases is better than doing nothing at all. The EFSUMB webinar is kindly supported by the Ultraschall-Academy of the German Society for Ultrasound (DEGUM) and the Berlin-Brandenburg Society of Ultrasound (BBSU).

Please join our webinar and use the unique opportunity to discuss with us some of the hot topics in interventional ultrasound! We are looking forward to meet you online!

Dr. Christian Jenssen, Dr. Thomas Müller
Course Supervisors

Wednesday, 3rd March 2021

Session 1	
Chair: Christian Jenssen	
1.30 - 1.35 pm	Welcome & Introduction (Jenssen)
1.35 - 1.55 pm	Infection prevention in interventional ultrasound: what is necessary and what is dispensable? (Müller)
1.55 - 2.15 pm	Percutaneous cholecystostomy – when and how to do? (Müller)
2.15 - 2.35 pm	EUS-guided cholecystostomy – Is the juice worth squeeze? (Götzberger)
2.35 - 2.45 pm	Chat with the lecturers
2.45 - 3.00 pm	Coffee and tea break
Session 2	
Chair: Dieter Nürnberg	
3.00 - 3.20 pm	CEUS-guidance in US-guided biopsy and interventions- when required? How to do? (Sparchez)
3.20 - 3.40 pm	CEUS-guidance in US-guided biopsy and interventions- video demonstrations (Jenssen/Müller/Sparchez)
3.40 - 4.05 pm	Improving US-guided interventions: tips and tricks (Video demonstration) (Wüstner)
4.05 - 4.15 pm	Chat with the lecturers
4.15 - 4.30 pm	Coffee and tea break

Wednesday, 3rd March 2021

Session 3	
Chair: Thomas Müller	
4.30 - 4.50 pm	Parenchymal liver biopsy: outdated by elastography and lab findings? (Popescu)
4.50 - 5.10 pm	EUS-guided biopsy of liver and spleen- real advantage over percutaneous biopsy? (Jenssen)
5.10 - 5.30 pm	Is histology really better than cytology? (Welker)
5.30 - 5.45 pm	Chat with the lecturers
5.45 - 6.00 pm	Coffee and tea break
Session 4	
Chair: Alina Popescu	
6.00 - 6.20 pm	Impact of HHUS in ambulant interventions – results of digilog POCUS study in Brandenburg (Nürnberg)
6.20 - 6.40 pm	Cyst Therapy: indications, contraindications, which sclerosant? (Müller)
6.40 - 7.00 pm	Rare Cases in IVUS (Video demonstrations) (Kinkel)
7.00 - 7.10 pm	Chat with the lecturers
7.10 - 7.15 pm	Closing remarks (Müller)
