

International Course in Contrast Enhanced Ultrasound Hepatic and Extrahepatic Indications

Pre-Course: October 18th 2023

CEUS Course: October, 19th – 21th 2023

Course fees:

Standard fee will be 600 €

Online fee will be 300 €

To register visit:

www.CEUS-course.eu

Dear colleagues,

we are currently developing a solution to hold this course **on-line** and **live** in Munich like last time in 2022. Lecturers who are unable to travel will present their lectures online. We will stream this course live.

The International CEUS Course is aiming at two goals: Understanding the basics of CEUS, US machines and settings and secondly deepening the understanding the benefit of using contrast agents in hepatic and extrahepatic diseases.

A renowned national and international faculty, well known for their extensive experience and contributions in CEUS, will give the participants a wealth of practical knowledge that can be used immediately in their practice. Didactic lectures covering all the primary applications and the latest scientific research will be reinforced with hands-on training or interactive case reviews during the workshops.

During this course there will be again time for individual training on the US machines and to work on clinical cases – from easy to difficult ones to interpret. Additionally representatives from the industry will inform you on the pre-course day you about latest and future technical developments, followed by hands on sessions on the latest US devices.

We hope you will benefit from attending this course -a European School project- which again is supported by the EFSUMB.

We wish you a successful educational course and a joyful stay in Munich

Dr. Hans-Peter Weskott

Course Director

Prof. Dr. Dirk-André Clevert

Course Director
