

The  $8^{th}$  DENTA x Aarhus University Hospital Head & Neck Ultrasound Course  $19^{th}$ -  $20^{th}$  of March 2026

Location: MidtSim – Centre for Skill Training and Simulation, Aarhus University Hospital, Hedeager 5, 2. sal, 8200 Aarhus, Denmark

## Language of Instruction is English

## **Course Leaders**

Niels Krintel & Fahd Al-Shahrestani

| Day 1                | 19th March 2026      |  |                       |  |
|----------------------|----------------------|--|-----------------------|--|
| 0800                 | 0845                 | Registration, Coffee & Pastry  |                       |  |
| 0850<br>0900<br>0930 | 0900<br>0930<br>1000 | Introduction Physics & Knobology Scan demonstration (Seven sweeps/Ergonometry) |                       |  |
| 1000                 | 1045                 | Skill Station: Knobology/ Self Neck Scan                                       | Faculty and Delegates |  |
| 1045                 | 1100                 | Break  |                       |  |
| 1100                 | 1130                 | Thyroid nodule evaluation  |                       |  |
| 1130                 | 1200                 | Thyroid pathology and Ultrasound: a surgeon's perspective                      |                       |  |
| 1200                 | 1230                 | Salivary Gland Disease Benign and Malignant                                    |                       |  |
| 1230                 | 1300                 | Lunch  |                       |  |
| 1300                 | 1330                 | Lymph Nodes on Ultrasound  |                       |  |
| 1330                 | 1500                 | Skill Station: Patient Ultrasound  | Faculty and Delegates |  |
| 1500                 | 1520                 | Break  |                       |  |
| 1520                 | 1630                 | Skill Station continued: Patient Ultrasound                                    | Faculty and Delegates |  |
| 1630<br>1700         | 1700<br>1715         | Case Discussions End of day 1 course Photo                                     |                       |  |
| 1/00                 | 1/15                 | End of day 1, course Photo   |                       |  |

## **Course dinner**

The 8<sup>th</sup> DENTA x Aarhus University Hospital Head & Neck Ultrasound Course 19<sup>th</sup>- 20<sup>th</sup> of March 2026

Location: MidtSim – Centre for Skill Training and Simulation, Aarhus University Hospital, Hedeager 5, 2. sal, 8200 Aarhus, Denmark

This course fulfils the course training component of the <u>EFSUMB Level 1 curriculum</u> Language of Instruction is English

## **Course Leaders**

Niels Krintel & Fahd Al-Shahrestani

| Day 2 | 20 <sup>th</sup> March 2026 |  |  |
|-------|-----------------------------|--|--|
| 0830  | 0900                        | Coffee & Pastry  |  |
| 0900  | 0930                        | "Scanning competence develops over time – how do we support individual learning curves?"     |  |
| 0930  | 1000                        | US guided FNA, Tru-cut and Abscess drainage  |  |
| 1000  | 1030                        | Ultrasound of the oral cavity, pharynx and larynx  |  |
| 1030  | 1100                        | Demonstration: ultrasound of the oral cavity   |  |
| 1030  | 1100                        | Demonstration. ditrasound of the oral cavity   |  |
| 1100  | 1115                        | Break  |  |
| 1115  | 1300                        | Skill station:<br>FNA, RFA, Core-needle, Ethanol-ablation cysts in Thyroid<br>Self-Neck scan |  |
| 1300  | 1345                        | Lunch  |  |
| 1345  | 1415                        | Parathyroid Disease  |  |
| 1415  | 1445                        | PET Positive Nodules/Scintigraphy  |  |
| 1445  | 1500                        | Break  |  |
| 1500  | 1530                        | Interesting head and neck ultrasound cases   |  |
| 1530  | 1600                        | Pearls and Pitfalls in Ultrasound  |  |
| 1600  | 1630                        | Course evaluation, certification & Closure   |  |
