This year's interdisciplinary and international faculty team consisted of experts from the fields of anaesthesia, neurology, rheumatology, radiology, hand surgery, paediatrics and anatomy from Switzerland, the Netherlands, Hungary, Austria and Spain.

Once again, we were able to inspire 161 participants—48 on-site and 113 online—from 17 countries (Switzerland, Italy, the UK, Norway, Poland, Germany, Latvia, the Czech Republic, Slovakia, Hungary, Slovenia, Iraq, Egypt, Israel, Singapore, Malaysia, Brazil, Chile, Panama, Costa Rica and the USA) with lectures, hands-on workshops for the practical learning of sonographic anatomy using models and pathological sonographic findings in invited patients, as well as interactive 'Ask the Expert' sessions for online participants.
